AUDITOR®

HDI HEAVY DUTY INDUSTRIAL

020711-HD

HDI Digital Swing Weight Scale

We've taken the design of our Auditor digital swing weight scale and rebuilt it from the ground up for heavy duty operation. We've also added networking features to empower quality control circles and enable cellular manufacturing to operate at its best.

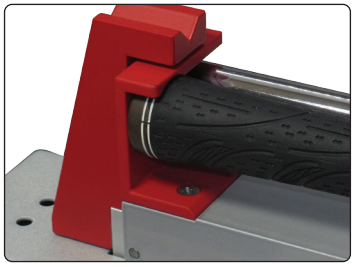
Key features:

-Dual Slope 16 bits AD converter
-Resolution 1/10000
-Sampling rate 4~132 per second
-Auto zero, auto hold, peak, units conversion
-Swing weight from A0 to G0 in 0.1 SW increment
-Capacity 1500 gram in 0.1 gram increment
-Safe overload limit 110% full scale
-Max overload limit 150% full scale
-USB connectivity with RS-232 support
-Bar code printer support for Brother TD-4000.
-Digital external calibration.
-Power 9VDC 500 Ma

▲USB Data Output

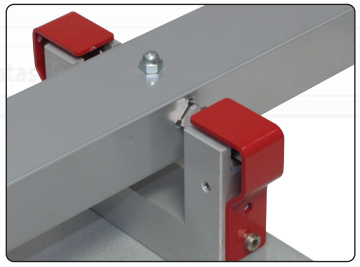
▲Barcode printer support for Brother TD-4000

OPTION+ Printer Port



▲Grip-less Shaft Compensator

▲Digital External calibration



▲Heavy Duty low wear pivot assembly

▲Switchable mode display

▲Barcode Printer Port 010107-BCP
