GOLF MECHANIX® 060200

Universal Grip & Shaft Sizer

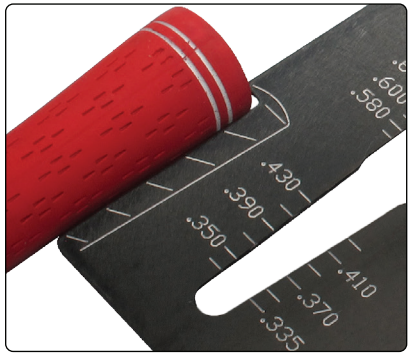

This versatile gauge will measure grip size and butt end of shafts on both men's and ladies' clubs, including undersized, standard and oversized. Easily measures right-handed and left-hand grip size. Also measures shaft tip.

Machined from heavy gauge aluminium
and CNC engraved over a black anodized surface.

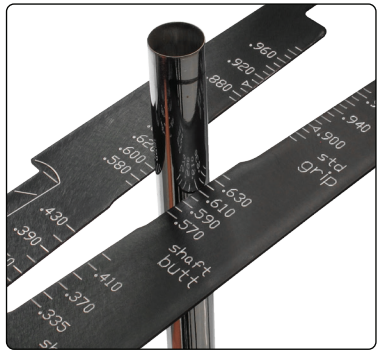

▲ Measures shaft tip from .335 to .430

▲ 2" ruler for proper grip size measurement

▲ Measures grip sizes from .870 to .990

▲ Measures shaft butt from .570 to .640
