

MOI Speed Match System

The Auditor Golf Club MOI Speed Match System is the clubmakers go to instrument for measuring Club MOI. This third revision features several new refinements designed to improve accuracy and consistency while providing a better user experience overall!

This latest generation now includes:

- Stiffer beam assembly,
- Cumulative averaging function.
- Automatic calibration
- Standard included
- External laser timing adjuster.
- MOI Speed Match Software
- Universal power supply.

▲ External laser adjustment

▲ Small amplitude side stop reduce back lash and improve accuracy.

▲ Grip cap compensator for matching grip-less clubs

MOI Matching Software:

The MOI Speed match software enables clubmakers to calculate the MOI and swing weight of pre-assembled clubs & clubs to be built from components using either length or weight adjustments, based on preference. Set make up and MOI match calculations are documented using the built in report generator. Extensive 55 page Instruction manual teaches you all you need to know about MOI matching techniques.
