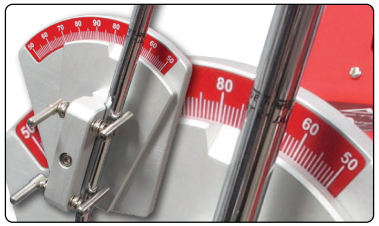
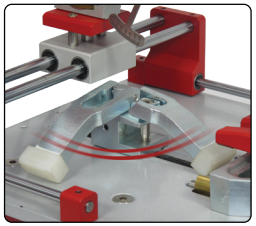
AUDITOR® HDi HEAVY DUTY INDUSTRIAL 150812D

Evolution II Digital Putter lie & Loft bending Gauge

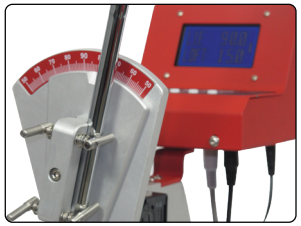
The EVOLUTION II Digital Putter Bending gauge epitomizes our know-how into one feature packed design that mirrors the ease of use, functionality and dependability that made our bending gauges the preferred choice of professional clubmakers and fitters worldwide!



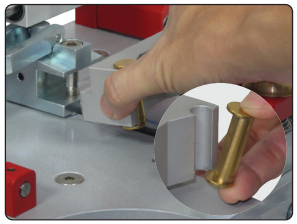
▲"Measure as you bend" shaft coupling improves control over hosel spring back .



▲"Long Reach" back clamp swivels out of the way when not needed



▲"Digital black box" redundancy built into the Lie & Loft measuring gauges.



▲"Clip on" back clamps makes it easy to swap soling pads, dowels and paves the way for upgrades.

Standard Fittings Included

SP-M1703-01

SP-M1703-03

SP-R1303

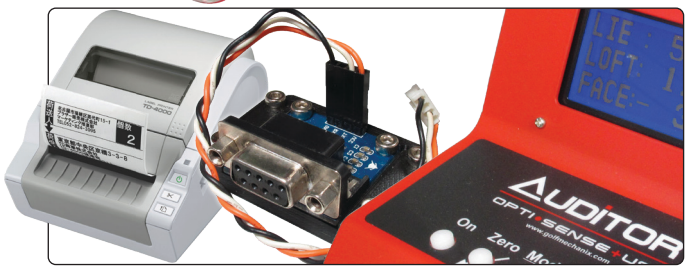
▲This soft, non slip silicon pad protects CNC milled intricate face patterns when putter is clamped

SP-0B0R20-01
Brass Soling Pads

SP-R07AV02-02
Soft rubber pads

SP-M0743
Upper clamp dowel

SP-M0635
Upper clamp dowel



▲Bar code printer support for Brother TD-4000

▲Barcode Printer Port 150812D-BCP

Key Features:

-Works with straight, mallet or binocular putter designs
-Works with heel shafted and centre shafted putters
-Works with Offset, single or double bent shafts
-Long reach dual back clamp system
-Frontal operation of clamps and protractors
-Self levelling, slip proof, non marring clamping system
-Measures as you bend shaft to protractor coupling
-Minimizes hosel spring back over compensation
-Measures lie and loft to a resolution of 0.1°.
-One Step calibration with built in reference locator.
-Stores up to 20 measurements into non volatile memory
-USB data transfer mode with SPC data collection software.
-Protractors designed with digital black box redundancy ,
-Precision CNC machined parts & industrial grade components.
-Easy to maintain and repair modular construction.
-Bench or floor mounted to suit stand No 150710, 150761, 150760.
-Broad selection of accessories, spares and upgrades available.
