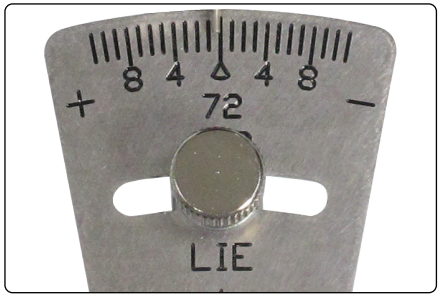
GOLF MECHANIX® 160200-32

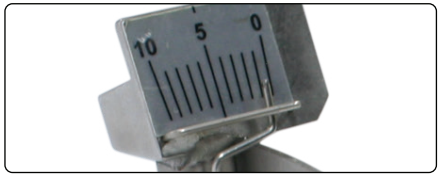
Lie & Loft Putter Fitting Tool RH Only!

The Golfmechanix Adjustable length, lie and loft fitting putter has been relied on by clubmakers for nearly two decades!

This putter fitting tool has good mechanical stiffness and weight distribution that approximates the feel of a standard mallet putter which can be trialled on the greens to validate a golfers preferred fit. Adjusts from 28~41" lie +/- 8 Loft 0~10 deg.



▲ Lie angle scale Flat to standard



▲ Adjustable loft 0~10 deg.

▲When measuring lie angle the bubble level is used a a visual reference to help circumvent toe up / tow down setups.
