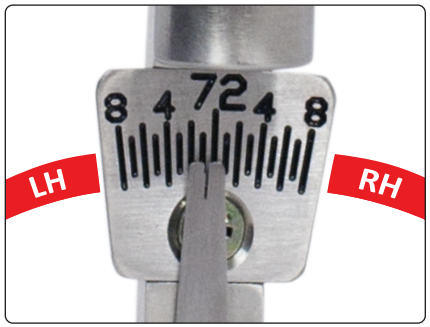
GOLF MECHANIX® 160225

RH & LH Bull's eye Lie angle fitting Putter

An ambidextrous classic bull's eye putter with a telescopic shaft that lengthens from 28 to 39".

The putter lie can be adjusted by as much as 8 degrees from standard.

The adjustability of this putter is adequate for the majority of the golfing population.



▲ Measure lie to within 1/2 degree.
8 deg. flat to standard

▲ Measure length to 1/8" of an inch

▲CNC machined classic bull's eye design with clean and unobtrusive lie angle adjustment hinge.
