GOLF MECHANIX® 160420-19

Hi Impact Resistant Lie Angle Fit board 19x8 Inch

A lie angle fitting board specially designed for the retail fitting environment where the use of new demo clubs is prevalent.
This Lexan board does not transfer burn marks to the club-head, and the low profile, rigid and impact resistant surface ensures that avid golfers can't bury the club in it!
Board measures 19 inches x 8 x 3/16
